

Skip for Chain loader trucks, classic type Open Top 4 cbm

The ideal skip for solid waste, recyclables and light construction materials

Fully engineered skip container suitable for lifting by all types of chain loader trucks/skip loaders. German design, DIN compliant, reinforced in all relevant areas, welded entirely from inside and outside for ultimate strength and durability. The skip comes with a triple tipping device on the bottom of front and back side, and with heavy duty tipping bolts on both sides.

Pictures and drawings: The picture on display is for illustrative purposes only; minor model changes reserved.
