Dimensions - casing

height (net)	127 cm
width (net)	116 cm
depth (net)	64 cm
height (gross)	140 cm
width (gross)	130 cm
depth	70 cm
recognition chamber opening	23,5 cm x 21 cm
recognition chamber depth	33 cm
recognition chamber volume	~ 15 L (15,39 dm ³)
height to recognition chamber opening	87 cm
height to front cover handle	76 cm

Inner bins

height (net)	50 cm
width (net)	25 cm
depth (net)	60 cm
capacity per bin	60 L (0,06 m ³) net
weight	3,8 kg per bin
material	low-density polyethylene plastic
approximate capacity	
Glass	16,2 kg
Plastic	1,7 kg
Paper	2,2 kg
Metal	3,5 kg

Touchscreen

size	10.1 inch
resolution	1280 x 800 px
matrix	LTC IPS
certification	RoHS

Other

weight (net)	120 kg
weight (gross)	140 kg
electrical supply & current	230 V/0,20 ~ 0,35 A
power consumption	~ 1,15 kWh/day
frequency	50 Hz
average sound	58 dB/50 dB (super silent)
maximal sound	73 dB/68 dB (super silent)
certification	CE, RoHS
indoor conditions temperature	5 - 45 °C
storage and transportation temperature	20 - 50 °C
Security	electrical protection from unauthorized access, mechanical protection of electrical-electronic parts
